MRCO-Egypt had developed online Nile cruises reservation portal in four months, using the latest technology methods for e-booking and online payment systems under the name <http://www.booknilecruise.com>

Book Nile Cruise begins from Cairo 'Egypt' for booking Nile Cruises via World Wide Web between Luxor, Aswan, and Abu Simble.

Mr. Mohammed Reiad, MRCO-Egypt Executive Manager, said 'we had permitted that the society believe in creativity and technological employment, as MRCO-Egypt develop and evaluate solutions go with e-tourism age to serve Egyptian and Middle East tourism sector.'

MRCO-Egypt have got great knowledge and inspiring abilities in travel technology and e-tourism technology such as e-booking system over the internet.

That's why, MRCO-Egypt has a wide and horrendous experience in building tourism sites over the Internet 'world wide web'.

Finally, e-tourism considers the biggest part and playing a great role in e-commerce, not only in the Middle East, but all over the world.
