Egypt's Health Minister Hatem el Gabali

The Egyptian Health Ministry reported that Egypt reported Monday the sixth A/H1N1 flu death case

A 23-year-old woman from Giza governorate, died of A/H1N1 virus in a private hospital on Monday morning, the statement said without elaborating.

Up till now, the ministry has reported more than 1,000 cases of the novel flu in the most populous Arab country.

Egypt reported its first A/H1N1 flu case on June 2, a 12-year-old Egyptian-American girl coming from the United States via the Netherlands.
